**6 Simplified outline of this Act**

This Act provides for the delivery of funded aged care services to individuals under the Commonwealth aged care system. The services are included in the aged care service list and grouped into service types which are delivered through service groups.

The objects of the Act, the Statement of Rights and the Statement of Principles underpin the system and are aimed at ensuring quality and safe care for individuals.

Supporters may be registered to assist individuals with navigating the system and are required to act in accordance with principles that promote supported decision making.

Eligible individuals undergo an aged care needs assessment which identifies which funded aged care services are needed. Services are delivered in an approved residential care home, or a home or community setting, and are delivered by entities known as registered providers. For certain service groups, there are mechanisms for prioritisation and allocation of limited places.

The funding for services can be in the form of a subsidy or grant payable to the registered provider. The amount of funding available depends on various factors, including the classification type and classification level of individuals, the application of means testing and whether the service is being provided under a specialist aged care program, for example, for Aboriginal or Torres Strait Islander persons.

Section 6

---

The system is governed by the Secretary (known as the System Governor), the Aged Care Quality and Safety Commissioner (the Commissioner), and the Complaints Commissioner.

A set of key obligations apply to registered providers and apply even where registered providers subcontract the delivery of services to associated providers. Separate obligations apply to aged care workers and responsible persons of registered providers.

Protections are provided for whistleblowers and statutory duties are imposed on registered providers, responsible persons and operators of aged care digital platforms that facilitate access to services. Criminal penalties and civil penalties apply for failures to meet requirements under this Act and compensation can be sought in cases of serious failures by registered providers.

The Commissioner and the System Governor have access to a suite of regulatory mechanisms to assist in the performance of their respective functions.

Arrangements for the protection of information and data obtained under this Act and the sharing of that information and data also apply.

A person may make a complaint to the Complaints Commissioner about a registered provider acting in a way that is incompatible with the Statement of Rights: see section 358.

## Division 2—Aged care principles

  - (b) exercise individual responsibility and make decisions that enable the individual to lead an active and fulfilling life, including by engaging in the community and maintaining relationships with people (if the individual so chooses); and
  - (c) be active and informed in decision-making, or be supported (if necessary) to make or communicate decisions, about the funded aged care services the individual accesses to ensure the individual's will and preferences are respected; and
  - (d) maintain or improve the individual's physical, mental, cognitive and communication capabilities to the extent possible (if the individual so chooses), except where it is the individual's choice to access palliative care and end-of-life care; and
  - (e) be aware of, understand and be empowered to exercise, their rights under the Statement of Rights when accessing, or seeking to access, funded aged care services; and

- (f) engage with, and be supported by, independent aged care advocates (if the individual so chooses), including through receiving information, education and advocacy in relation to accessing, or seeking to access, funded aged care services.
- (4) The Commonwealth aged care system offers accessible, culturally safe, culturally appropriate, trauma-aware and healing-informed funded aged care services, if required by an individual and based on the needs of the individual, regardless of the individual's location, background and life experiences.

- (8) The Commonwealth aged care system is transparent and provides publicly available information, about funded aged care services, that is understandable, accessible and communicated through a variety of methods and languages.
- (9) Funding by the Commonwealth for funded aged care services supports the delivery and regulation of those services to the individuals who have been prioritised on the basis of need for funded aged care services, taking into account the availability of resources and the needs of the individuals relative to other individuals.
- (10) Individuals accessing funded aged care services are expected to meet some of the costs of those services if those individuals have the financial means to do so.

- (11) The Commonwealth aged care system focusses on the needs of older people, and should not be used inappropriately to address service gaps in other care and support sectors preventing individuals from accessing the best available services to meet the needs, goals and preferences of those individuals.
- (12) The Commonwealth aged care system is managed to ensure:
  - (a) it is sustainable and resilient; and
  - (b) the Commonwealth's investment in the system represents value for money, including by ensuring that public resources are used in the most efficient, effective, ethical and economic manner.

*An aged care system that continues to improve*

- (13) The regulation of the Commonwealth aged care system:
  - (a) promotes innovation, continuous improvement and contemporary evidence-based best practice in the Commonwealth aged care system; and
  - (b) is responsive and proportionate to risk, with a focus on prevention and timely action; and
  - (c) focusses on the safety, health, wellbeing and quality of life of individuals, and prioritises the areas of highest risk to individuals; and
  - (d) promotes the provision of high quality care; and
  - (e) strives for regulatory alignment (if appropriate) with other care and support sectors; and

- (3) The notice given to the suspended person and the individual under subsection (1) must:
  - (a) include the reasons for the decision to suspend the registration; and
  - (b) provide that the suspended person and individual may give the System Governor, within 28 days after the day the notice is given, a statement setting out the reasons why the person's registration should not be cancelled.

## **51 Cancellation of registration following suspension, or revoking suspension**

- (1) If the suspended person or individual (or both) gives the System Governor the statement referred to in paragraph 50(3)(b) within the 28-day period, the System Governor must, as soon as practicable after receiving the statement, consider the statement and decide whether to cancel the suspended person's registration.

Note: For notification requirements relating to cancellation of a registration, see section 54.

- (2) If neither the suspended person nor the individual gives the System Governor the statement within the 28-day period, the System Governor may cancel the person's registration as soon as practicable after that period ends.

Note: For notification requirements relating to cancellation of a registration, see section 54.

- (3) If the System Governor decides not to cancel the registration under subsection (1) or (2), the System Governor must:

- (a) revoke the suspension of the person's registration; and

Note: For notification requirements relating to cancellation of a registration, see section 54.

## **52 Cancellation of registration of supporter on request by supporter**

The System Governor must cancel the registration of a person as a supporter of an individual as soon as practicable if the supporter makes a written or verbal request to the System Governor to cancel the registration.

Note: For notification requirements relating to cancellation of a registration, see section 54.

## **53 Cancellation of registration of supporter on request by individual**

- (1) If an individual makes a written or verbal request to the System Governor to cancel the registration of a person as a supporter of the

individual, the System Governor must consider the request and decide:

- (a) if the supporter is not a person covered by subsection 28(2)—to cancel the registration; and
    - (b) if the supporter is a person covered by subsection 28(2)—whether to cancel the registration.
  - (2) Before the System Governor decides whether to cancel the registration of a person as a supporter of an individual under paragraph (1)(b), the System Governor must give written notice of the individual's request to the supporter.
  - (3) The notice under subsection (2) must:
    - (a) be given as soon as practicable after the request is received by the System Governor; and
    - (b) provide that the supporter may give the System Governor, within 28 days after the day the notice is given, a statement setting out the reasons why the person's registration as a supporter of the individual should not be cancelled.
  - (3A) The System Governor must make the decision within:
    - (a) if the supporter is given a notice under subsection (2) and gives the System Governor a statement referred to in paragraph (3)(b) within the 28-day period—14 days after receiving the statement; or
    - (b) if the supporter is given a notice under subsection (2) but does not give the System Governor a statement referred to in paragraph (3)(b) within the 28-day period—14 days after the end of that 28-day period; or
    - (c) otherwise—28 days after receiving the request.
  - (4) If the System Governor decides not to cancel the registration, the System Governor must give written notice of the System Governor's decision to the individual and the supporter.

Note: For notification requirements relating to cancellation of a registration, see section 54.
  - (5) The notice under subsection (4) must:
    - (a) be given as soon as practicable after the System Governor decides not to cancel the registration; and
-

- (b) include:

#### **54 Notification of cancellation of registration**

- (1) If the System Governor cancels the registration of a person as a supporter of an individual under this Division, the System Governor must give written notice of the cancellation to the following:
  - (a) the person whose registration has been cancelled;
  - (b) the individual.
- (2) The notice under subsection (1) must:
  - (a) be given as soon as practicable after the registration is cancelled; and
  - (b) include:

    - (ii) if the registration was cancelled under subsection 51(1) or section 53—how a person may apply for reconsideration of the decision to cancel the registration.

## **Chapter 2—Entry to the Commonwealth aged care system**

### **Part 1—Introduction**

#### **55 Simplified outline of this Chapter**

Individuals can apply to the System Governor for access to funded aged care services and are assessed against a set of eligibility criteria. An individual with care needs who is age 65 or over (or age 50 or over and an Aboriginal or Torres Strait Islander person or homeless or at risk of homelessness) is eligible to undergo an aged care needs assessment by an approved needs assessor.

A report of the results of an aged care needs assessment is given to the System Governor who decides what funded aged care services are approved for the individual.

The approval may be in relation to all services in a service group, for example, as is the case for residential care where individuals generally need access to all the services in the group. For some service groups, such as home support, the approval may be limited to particular service types, or to particular services, in the service group. This reflects the wide range of different services available and varying needs of individuals accessing services in this group.

If an individual's circumstances change significantly, an application for reassessment can be made and a new approval decision is made, either on the basis of a new aged care needs assessment or information provided to the System Governor.

A classification assessment is generally undertaken at the same time as the aged care needs assessment (except in certain cases such as for ongoing residential care where it is undertaken once a registered provider has started delivering funded aged care services to the individual in an approved residential care home).

Section 55

---

A classification decision is made by the System Governor in relation to any classification type (ongoing, short-term or hospital transition) for a service group the individual has been approved for. The classification decision generally affects the level of funding available under Chapter 4 to deliver funded aged care services to the individual. An individual may be approved and given a classification level for multiple service groups or multiple classification types in a service group, however, the individual can only have one classification level in effect for a classification type for a day, and there are rules about which classification types can be in effect on the same day.

For the service groups home support or residential care, a decision about the individual's priority category for that service group is made by the System Governor (where required). This decision may affect when the individual can access services in that service group. Individuals (or in certain circumstances the registered provider) must be allocated a place to access funded aged care services in these groups. The allocation is done on the basis of considerations such as the individual's priority category and when the individual's access approval was given.

Alternative allocation arrangements apply in relation to individuals accessing funded aged care services under specialist aged care programs.

## **Part 2—Eligibility for entry**

### **Division 1—Applying for access to funded aged care services**

#### **56 Requirements for applications**

- (1) An individual, or a person in a class of persons prescribed by the rules on behalf of the individual, may apply, in an approved form, to the System Governor for access to funded aged care services if the individual does not have an eligibility determination for an aged care needs assessment that is in effect.

Note: The application may be withdrawn: see section 590.

- (2) If a person makes an application under subsection (1) on behalf of the individual, the person must notify the individual that the application has been made.

#### **57 System Governor must decide whether to make determination**

- (1) The System Governor must consider the application for access to funded aged care services and decide whether to make an eligibility determination for an aged care needs assessment for the individual.
- (2) The decision must be made within the period prescribed by the rules.
- (3) If the System Governor decides not to make a determination under subsection (1), the individual's application for access to funded aged care services is taken to be withdrawn.

#### **58 Eligibility determination for an aged care needs assessment**

The System Governor must not make an eligibility determination for an aged care needs assessment for an individual unless the System Governor considers that:

- (a) the individual:
  - (i) is aged 65 or over; or

- (ii) is an Aboriginal or Torres Strait Islander person and is aged at least 50; or
  - (iii) is homeless, or at risk of homelessness, and is aged at least 50; and
- (b) information of a kind prescribed by the rules has been provided relating to the individual's care needs; and
- (c) if the individual is aged less than 65, the individual:
  - (i) has elected, in the approved form, to be provided with funded aged care services before the individual turns 65; and
  - (ii) was informed, prior to making the election, of any other services that may be available to meet the care needs of the individual.

## **59 Notice of decision not to make a determination**

- (1) If the System Governor decides under section 57 not to make an eligibility determination for an aged care needs assessment for an individual, the System Governor must give notice of the decision to the individual within 14 days after the day the decision is made.
- (2) The notice under subsection (1) must include:
  - (a) the reasons for the decision; and
  - (b) a statement that the effect of the decision is that the individual's application for access to funded aged care services is taken to be withdrawn; and
  - (c) how the individual may apply for reconsideration of the decision.
- (3) If the application for the eligibility determination was made by a person on behalf of the individual, the notice under subsection (1) must also be given to the person.

## **60 Period of effect of determination**

An eligibility determination for an aged care needs assessment takes effect at the time it is made and remains in effect until it is revoked under section 73 or 74.

## **Division 2—Aged care needs assessments and reassessments**

### **61 Aged care needs assessments**

- (1) The System Governor must arrange for an assessment of an individual's need for funded aged care services to be undertaken by an approved needs assessor if:
  - (a) an eligibility determination for an aged care needs assessment is made for the individual; or
  - (b) the System Governor decides that a reassessment of the individual's need for funded aged care services is required to be undertaken by an approved needs assessor in accordance with paragraph 64(2)(a).
- (2) Despite subsection (1), the aged care needs assessment must not be undertaken, and the individual's application for funded aged care services, or application under paragraph 64(1)(b) for reassessment, is taken to be withdrawn, if:
  - (a) an eligibility determination for an aged care needs assessment is not in effect for the individual; or
  - (b) the System Governor is satisfied it is not reasonably possible for an approved needs assessor to undertake the assessment.

**Note:** Examples of circumstances in which it may not be reasonably possible to undertake an assessment include where the individual does not provide consent to the assessment.

### **62 Undertaking aged care needs assessments**

- (1) The aged care needs assessment must be undertaken by the approved needs assessor using an assessment tool prescribed by the rules and in accordance with any other requirements prescribed by the rules.

**Note:** An individual must have an eligibility determination for an aged care needs assessment under section 57 in effect before an aged care needs assessment can be undertaken for the individual.

- (2) The aged care needs assessment must include:

- (a) a discussion with the individual about what the assessment has identified in terms of funded aged care services the individual may require access to and may assist the individual to maintain the individual's independence; and
  - (b) a discussion with the individual about the individual's preferences and goals, the next steps in terms of the individual's application for funded aged care services and how the individual will be informed of the outcome of the application; and
  - (c) any other thing prescribed by the rules.
- (3) When undertaking the aged care needs assessment, the approved needs assessor must:
  - (a) consider the individual's rights mentioned in subsection 23(1) (independence, autonomy, empowerment and freedom of choice); and
  - (b) to the extent possible, make the individual aware of, support them to understand, and empower them to exercise, the individual's rights under the Statement of Rights; and
  - (c) involve the individual's carer, family member, advocate or other person in the discussions mentioned in subsection (2), if that is the individual's will and preference.

### **63 Aged care needs assessment reports**

- (1) The approved needs assessor must provide a report of the assessment to the System Governor as soon as practicable after the assessment is completed.
- (2) The report must include information about:
  - (a) the funded aged care services the assessor considers the individual needs in order to meet the individual's care needs; and
  - (b) any service groups the assessor considers should be approved under subsection 65(2) for the individual; and
  - (c) any service types the assessor considers should be approved under subparagraph 65(2)(b)(i) for the individual; and

## Section 64

---

- (d) any funded aged care services the assessor considers should be approved under subparagraph 65(2)(b)(ii) for the individual; and
- (e) whether the individual's approval for a particular service group should be for any or all of the classification types short-term, ongoing or hospital transition.

Note: A classification assessment report required under section 77 may be included with the report under this section.

## 64 Aged care needs reassessments

- (1) The System Governor must decide whether a reassessment of an individual's need for funded aged care services is required if:
  - (a) an eligibility determination for an aged care needs assessment is in effect for the individual; and
  - (b) the individual makes an application for the reassessment in an approved form; and
  - (c) either:
    - (i) the System Governor is satisfied that a significant change in circumstances prescribed by the rules applies in relation to the individual; or
    - (ii) other circumstances prescribed by the rules apply in relation to the individual.
- (2) If the System Governor decides under subsection (1) that a reassessment of an individual's need for funded aged care services is required, the System Governor must:
  - (a) if subparagraph (1)(c)(i) applies—arrange for a new assessment of the individual's need for funded aged care services to be undertaken by an approved needs assessor in accordance with section 61; or
  - (b) if subparagraph (1)(c)(ii) applies—make the reassessment on the basis of information of a kind prescribed by the rules being provided in relation to the individual.

Note: Where the System Governor decides a reassessment of an individual's need for funded aged care services is required, the System Governor must make new decisions under subsections 65(1) and (2) (which deal with approving access to funded aged care services).

- (3) If the System Governor decides under subsection (1) that a reassessment of an individual's need for funded aged care services is not required, the System Governor must, within 14 days after the decision is made, give notice to the individual of the decision.
- (4) A notice under subsection (3) must include:
  - (a) the reasons for the decision; and
  - (b) how the individual may apply for reconsideration of the decision.

Section 65

---

**Division 3—Approval of access to funded aged care services**

**65 Approval of access for funded aged care services**

*Approval for funded aged care services*

- (1) The System Governor must consider an assessment report for an individual provided under section 63, or information relating to an individual that is provided to the System Governor in accordance with paragraph 64(2)(b), and decide whether or not the individual requires access to funded aged care services.

Note 1: If the assessment report relates to a decision under subsection 64(1) to reassess the individual's need for funded aged care services, a new decision is made under this section.

Note 2: Paragraph 64(2)(b) allows the System Governor to make a reassessment of an individual's need for funded aged care services on the basis of certain kinds of information being provided to the System Governor (which results in a new decision being made under this section).

*Access approval for service groups, classification types for service groups, service types and funded aged care services*

- (2) If the System Governor decides under subsection (1) that an individual requires access to funded aged care services, the System Governor must decide:
- (a) whether to approve one or more service groups for the individual and the classification types for the service groups; and
  - (b) if the service group is home support, assistive technology or home modifications and the individual is not an Aboriginal or Torres Strait Islander person:
    - (i) whether to approve one or more service types in that group for the individual; and
    - (ii) if the service type is prescribed by the rules for the purposes of this paragraph—whether to approve one or more funded aged care services in that type for the individual.

---

Section 66

Note: An individual may choose which funded aged care services covered by an approval they wish to access and when.

- (3) However, the System Governor must not approve a service group, service type or funded aged care service under subsection (2) for an individual unless:
- (a) section 66, 67 or 68 applies in relation to the individual and the service group, service type or service; and
  - (b) any eligibility requirements prescribed by the rules for the service group, or the service group in which the service type or service are included, are met.

*Exceptional circumstances*

- (4) Despite an individual not having undergone an aged care needs assessment under section 62, the System Governor may make a decision under subsections (1) and (2) to approve access to funded aged care services for the individual if:
- (a) the System Governor is satisfied that there are exceptional circumstances that justify making the decision without an assessment; and
  - (b) the individual, or a registered provider on behalf of the individual, makes an application to the System Governor in the approved form; and
  - (c) any circumstances prescribed by the rules do not apply.

*Timing of decisions*

- (5) The decisions under subsections (1) and (2) must be made within the period prescribed by the rules.

**66 Aboriginal or Torres Strait Islander persons**

This section applies in relation to an individual and any service group if the individual is an Aboriginal or Torres Strait Islander person.

Section 67

---

**67 Individuals with an impairment or sickness**

- (1) This section applies in relation to an individual and a service type or funded aged care service if:
- (a) the individual has a long-term physical, mental, sensory or intellectual impairment and the impairment may hinder the individual's participation in society on an equal basis with others as a result of the impairment's interaction with various barriers; and
  - (b) any of the following apply:
    - (i) each of the funded aged care services in the service type, or the funded aged care service, is an in-home, residential or other community support service and access to the funded aged care services in the service type, or the funded aged care service, is necessary to support the individual to live and be included in the community, and to prevent isolation or segregation of the individual from the community;
    - (ii) access to the funded aged care services in the service type, or the funded aged care service, will facilitate personal mobility of the individual in the manner and at the time of the individual's choice;
    - (iii) the funded aged care services in the service type each involve, or the funded aged care service involves, a mobility aid or device, or assistive technology, live assistance or intermediaries that will facilitate personal mobility of the individual;
    - (iv) the funded aged care services in the service type are each, or the funded aged care service is, a health service that the individual needs because of the individual's impairment or because of the interaction of the individual's impairment with various barriers;
    - (v) the funded aged care services in the service type are each, or the funded aged care service is, a habilitation or rehabilitation service;
    - (vi) the funded aged care services in the service type are each, or the funded aged care service is, a service that

will assist the individual to access a service mentioned in subparagraph (iv) or (v);

- (vii) the funded aged care services in the service type, or the funded aged care service, will minimise the prospects of the individual acquiring a further impairment or prevent the individual from acquiring a further impairment.
- (2) This section applies in relation to an individual and a service type or funded aged care service if the funded aged care services in the service type are each, or the funded aged care service is, a medical service required by the individual because of sickness.
- (3) This section applies in relation to an individual and the service group home support, assistive technology or home modifications but only to the extent to which this section applies to the service types or funded aged care services in the service group in accordance with subsections (1) and (2).
- (4) For the purposes of paragraph (1)(a), an impairment may be long-term despite the fact it is episodic, fluctuating or varying in intensity over time.

## **68 Individuals with a sickness**

This section applies in relation to an individual and the residential care service group if the individual has, by reason of sickness, a continuing need for funded aged care services (including nursing services) in the service group.

## **69 Conditions on approvals of service types or services in certain service groups**

- (1) The System Governor may include one or more conditions on the approval of a service type, or a funded aged care service, under paragraph 65(2)(b) for an individual.
- (2) Without limiting subsection (1), conditions included on an approval of a service type or a funded aged care service for an individual may include any of the following:

## Section 70

---

- (a) that the individual must provide to a registered provider that will deliver funded aged care services in the service type, or the funded aged care service, information of a kind prescribed by the rules;
- (b) that the individual can only access the funded aged care services in the service type, or the funded aged care service, through a registered provider of a kind prescribed by the rules;
- (c) that a person of a kind prescribed by the rules has confirmed, in accordance with any requirements prescribed by the rules, that the individual requires access to the funded aged care services in the service type, or the funded aged care service.

### 70 Notice of decision

- (1) The System Governor must give written notice of a decision under subsection 65(1) or (2) to the individual within 14 days after the decision is made.
- (2) The notice under subsection (1) must include for each decision:
  - (a) the reasons for the decision; and
  - (b) how the individual may apply for reconsideration of the decision; and
  - (c) for a decision under subsection 65(2), all of the following:
    - (i) the day the access approval takes effect (see subsection 71(1));
    - (ii) any service groups approved under subsection 65(2) for the individual and the classification types approved for those service groups;
    - (iii) any service types approved under subparagraph 65(2)(b)(i) for the individual;
    - (iv) any funded aged care services approved under subparagraph 65(2)(b)(ii) for the individual;
    - (v) any conditions included, under section 69, on an approval referred to in subparagraph (iii) or (iv) of this paragraph.

Note 1: The notice of the classification decision under section 79 for a service group may be included with the notice of approval under this section

for the service group if the classification assessment is undertaken at the same time as the aged care needs assessment.

Note 2: The notice of an individual's priority category for a service group under section 88 may be included with the notice of approval under this section for the service group.

## 71 Period of effect of approval

### *General case*

- (1) An access approval takes effect on the day specified in the notice of the decision under section 70 and remains in effect until the earlier of the following:
  - (a) the individual's eligibility determination for an aged care needs assessment, or the access approval, is revoked under section 73 or 74;
  - (b) another decision is made for the individual under subsections 65(1) and (2).

Note: An access approval means an approval under subsection 65(2), see the definition of *access approval* in section 7.

### *Alternative entry*

- (2) For the purposes of subsection (1), the day specified in the notice of decision under section 70 for an individual may be a day that is earlier than the day the access approval is given if:
  - (a) the individual makes an application, in the approved form, within the period referred to in subsection (3); and
  - (b) the System Governor is satisfied that any of the circumstances set out in subsection (4) apply in relation to the individual; and
  - (c) the day is no earlier than the first day a funded aged care service was delivered to the individual.
- (3) The period is:
  - (a) the period of 5 days after the first day an aged care service covered by the approval was delivered to the individual; or
  - (b) if circumstances prescribed by the rules apply—the period prescribed by the rules; or

Section 71

---

- (c) if the System Governor determines a period for the individual under subsection (6)—that period.
- (4) The circumstances are:
  - (a) the individual urgently needed access to funded aged care services and there was a significant risk of harm to the individual if those services were not delivered to the individual before the approval was given; or
  - (b) the individual is an Aboriginal or Torres Strait Islander person and at the time the individual was seeking to access funded aged care services there was a lack of availability of an approved needs assessor to undertake a culturally safe aged care needs assessment for the individual; or
  - (c) the individual commenced accessing funded aged care services under a specialist aged care program before the approval was given and at the time the individual was seeking to access funded aged care services there was a significant delay in the availability of an approved needs assessor to undertake an aged care needs assessment for the individual.
- (5) For the purposes of paragraph (3)(c), an individual may apply, in the approved form, to the System Governor to determine a longer period than what would otherwise apply in relation to the individual under paragraph (3)(a) or (b).
- (6) The System Governor must, by written notice given to the person decide to:
  - (a) determine the longer period for the individual; or
  - (b) reject the application.
- (7) The notice under subsection (6) must:
  - (a) be given as soon as practicable after the decision is made; and
  - (b) include the reasons for the decision and how a person may apply for reconsideration of the decision.

## **Division 4—Revoking eligibility determinations and access approvals**

### **72 Request for revocation**

- (1) An individual may request the System Governor revoke an eligibility determination for an aged care needs assessment that is in effect for the individual if the individual is under age 65 at the time of making the request.
- (2) If an access approval is in effect for an individual, the individual may request the System Governor to revoke the approval.
- (3) A request under this section must be in an approved form.

### **73 Revocation on request**

- (1) If a request for revocation is made under section 72, the System Governor must revoke the eligibility determination or access approval within 28 days after the day the request is made.
- (2) The System Governor must, within 14 days after making the decision, give written notice of the revocation to the individual.
- (3) If the System Governor revokes an eligibility determination or access approval under subsection (1), any pending application for the individual under section 56 or 64 is taken to be withdrawn.

### **74 Revocation on initiative of System Governor**

- (1) The System Governor may revoke an eligibility determination for an aged care needs assessment, or access approval, or both, for an individual if the System Governor is satisfied that:
  - (a) the individual gave information, or a document, in relation to the application for access to funded aged care services to which the determination or access approval relates; and
  - (b) either:
    - (i) the information or document (as the case may be) was false or misleading; or

**Section 74**

---

- (ii) the information omitted any matter or thing without which the information is misleading.
- (2) Before the System Governor makes a decision under subsection (1) for an individual, the System Governor must, by written notice, notify the individual that the System Governor is considering making that decision.
- (3) The notice must:
  - (a) set out the reasons why the System Governor is considering making the decision; and
  - (b) invite the applicant to make submissions, in writing, to the System Governor in relation to the matter within 14 days after receiving the notice, or such longer period as is specified in the notice; and
  - (c) inform the individual that the System Governor may, after considering any submissions made by the individual, make the decision.
- (4) The System Governor must consider any submissions made by an individual in accordance with a notice under subsection (3).
- (5) If, after considering an individual's submissions under subsection (4), the System Governor decides to revoke the individual's eligibility determination, or access approval, or both, the System Governor must, within 14 days after the day the decision is made, give written notice of the following to the individual:
  - (a) the decision;
  - (b) the reasons for the decision;
  - (c) how the individual may apply for reconsideration of the decision.
- (6) If the System Governor revokes an individual's eligibility determination, or access approval, or both under subsection (1), any pending application for the individual under section 56 or 64 is taken to be withdrawn.

## **Part 3—Classification**

### **Division 1—Classification assessments and decisions**

#### **75 Classification assessments**

- (1) A classification assessment for the purposes of determining a classification level for a classification type for a service group for an individual must be undertaken if:
- (a) during an aged care needs assessment for the individual under section 62, the approved needs assessor considers the classification type for the service group should be approved for the individual under subsection 65(2); or
  - (b) an application for a classification reassessment for the classification type for the service group is made by the individual, or a registered provider on behalf of the individual, under section 82.

Note 1: Paragraph (a) also applies if a further aged care needs assessment is undertaken in accordance with paragraph 64(2)(a) (which deals with reassessments).

Note 2: A classification reassessment is also undertaken if a classification decision for an individual is reconsidered under section 560 or 562.

- (2) Despite paragraph (1)(a), a classification assessment must be undertaken in accordance with subsection (3) if the approved needs assessor during the aged care needs assessment for the individual considers:
- (a) the individual's access approval should include the classification type ongoing for the service group residential care; or
  - (b) both of the following apply:
    - (i) the individual's access approval should include the short-term classification type for the service group residential care;
    - (ii) it is not reasonably practicable to undertake the classification assessment for that classification type for that service group at the same time as the aged care needs assessment.

## Section 76

---

Note: An initial classification decision is made for the individual until the classification assessment can be undertaken: see paragraph 78(1)(c).

- (3) The classification assessment must be instead undertaken at a time after the aged care needs assessment if a registered provider has given the System Governor a start notification for delivering funded aged care services to the individual under that classification type at an approved residential care home of the registered provider.
- (4) A classification assessment required under paragraph (1)(b) or subsection (2) must be arranged by the System Governor.
- (5) Despite paragraph (1)(b) or subsection (2), a classification assessment otherwise required under that paragraph or subsection in relation to an individual for a classification type for a service group is not required to be undertaken if:
  - (a) circumstances prescribed by the rules apply; or
  - (b) the individual's access approval for the classification type for the service group is revoked; or
  - (c) if the classification assessment is for the classification type ongoing for the service group residential care—either of the following apply:
    - (i) a cessation notification for the individual is given to the System Governor by the registered provider referred to in subsection (3) or subsection 82(2);
    - (ii) a start notification is given to the System Governor by the registered provider, or another registered provider, to deliver funded aged care services in another approved residential care home to the individual.

## **Chapter 3—Registered providers, aged care workers and aged care digital platform operators**

### **Part 1—Introduction**

#### **103 Simplified outline of this Chapter**

To deliver funded aged care services, an entity must be registered as a registered provider by the Commissioner.

The Commissioner must consider whether an entity meets key eligibility requirements before deciding to register an entity. These requirements include general requirements and also registration category specific requirements.

The registered provider is registered in one or more provider registration categories, depending on the service types the provider intends to deliver.

To be registered in certain categories, including the residential care category, entities need to have completed an audit against the Aged Care Quality Standards. Residential care homes are also required to be approved, and may be approved in conjunction with the registration process, for entities intending to deliver service types in the residential care category.

The registration period is generally 3 years, with providers needing to apply to have their registration re-assessed by the Commissioner and renewed in order to continue providing care after the expiration of a registration period. Providers can also apply to vary their registration where required during a registration period.

The Commissioner maintains a register of registered providers and former registered providers which may be published.

Section 103

A registered provider must comply with key obligations, including conditions on their registration, when delivering funded aged care services. Civil penalties or offences generally apply for failure to meet these obligations. Statutory duties also apply to registered providers (and responsible persons of providers) with individuals able to seek compensation in cases resulting in serious illness or injury.

The Commissioner can revoke or suspend a provider's registration, or revoke a residential care home approval, in certain circumstances. The Commissioner can also vary a provider's registration or a residential care home approval in certain circumstances.

Separate obligations are also placed on responsible persons and aged care workers of registered providers, including to comply with the Aged Care Code of Conduct.

An aged care worker screening scheme is established which provides that NDIS clearance decisions are taken to be aged care clearance and exclusion decisions.

## **Part 2—Provider registration and residential care home approval process**

### **Division 1—Applications for registration and registration decisions**

#### **Subdivision A—Applications for registration**

##### **104 Registration of providers**

- (1) The Commissioner must consider an application made by an entity under subsection 104(1), and the requirements in section 109, and decide:
- (a) whether to register the entity as a registered provider and in which registration categories; and
  - (b) if the Commissioner decides to register the entity in the residential care category—each approved residential care home to be covered by the entity’s registration.

Note 1: The Commissioner may decide to register an entity in some, but not all, provider registration categories that the entity specifies in the entity’s application: see subsection 109(2).

Note 2: If the Commissioner decides to register the entity as a registered provider of funded aged care services, the entity is subject to the conditions on registered providers set out in Part 4.

- (2) A decision under subsection (1) must be made within the period prescribed by the rules, or the period worked out in accordance with a method prescribed by the rules.

### **Subdivision B—Applications for renewal**

## Section 107

---

subsection 107(1) if the remaining registration period is less than 18 months.

- (2) The invitation must:

Note 1: The Commissioner is not required to make a decision on the application if this subsection is not complied with: see section 589.

Note 2: The application can be withdrawn: see section 590.

- (3) Subsection 104(3) applies in relation to an application under subsection (1) of this section in the same manner as it applies in relation to an application under subsection 104(1).

## **108 Commissioner must decide whether to renew the registration**

- (1) The Commissioner must consider an application made by a registered provider under subsection 107(1), and the requirements in section 109, and decide:
  - (a) whether to renew the provider's registration and in which provider registration categories; and
  - (b) whether to register the provider in any other provider registration categories.

Note 1: The Commissioner may decide to renew a registered provider's registration or register the provider in some, but not all, provider registration categories that the provider specifies in the provider's application: see subsection 109(2).

Note 2: If the Commissioner decides to renew the provider's registration, the provider continues to be subject to the conditions on registered providers set out in Part 4.

- (2) A decision under subsection (1) must be made within the period prescribed by the rules, or the period worked out in accordance with a method prescribed by the rules.

## **Subdivision C—Registration and renewal requirements**

### **109 Registration and renewal requirements**

*Provider registration category specific requirements*

- (2) For each provider registration category specified in an entity’s application under subsection 104(1) (registration of providers) or 107(1) (renewal of registration), the Commissioner must be satisfied of the following before deciding to register, or renew the registration of, the entity in that provider registration category:

  - (ii) circumstances prescribed by the rules apply in relation to the entity and the provider registration category;
- (e) any other requirements prescribed by the rules.

*Registration must not be inconsistent with banning order*

- (3) Despite subsections (1) and (2), if a banning order is in force in relation to an entity, the Commissioner must not register, or renew the registration of, the entity in a way that would be inconsistent with the banning order.

*Rules may exempt certain providers*

- (4) The rules may prescribe that one or more of the paragraphs in subsection (1) or (2) (other than paragraph (2)(d)) do not apply in relation to an entity in a class of entities prescribed by the rules.

    - (iii) if the provider’s registration is revoked—the end of the day on which the registration is revoked.
- (2) For the purposes of subparagraph (1)(b)(ii), the Commissioner may determine a shorter or longer registration period if the Commissioner is satisfied that it is appropriate to do so having regard to all of the circumstances.
- (3) This section does not apply in relation to a registered provider that is taken to be registered under section 117.

Note: If the System Governor determines that an entity is taken to be registered provider, the registration period is 3 months or such longer period as specified in the determination: see paragraph 117(2)(c).

    - (i) a situation of emergency exists that could result in, or has resulted in, another entity being unable to deliver funded aged care services;
    - (ii) the determination would ensure that the delivery of certain funded aged care services does not cease, or will resume;

## Section 118

---

- (iii) the determination would prevent a significant shortfall in the number of funded aged care services delivered in a locality or region; and
  - (b) any other requirements prescribed by the rules are met.

## **Part 3—Variations, suspensions and revocations**

### **Division 1—Variations, suspensions and revocations of registrations**

#### **123 Variation of registration on Commissioner’s own initiative**

- (1) The Commissioner may, at any time and on the Commissioner’s own initiative, vary the registration of a registered provider to:
  - (a) vary or revoke a condition to which the registration is subject under section 143; or
  - (b) impose a new condition to which the registration is subject under that section; or
  - (c) remove the provider from being registered in a provider registration category; or
  - (d) reduce or extend the registration period; or
  - (e) remove an approved residential care home from the approved residential care homes covered by the registration.
- (2) However, the Commissioner must not vary the registration of a registered provider under subsection (1) unless the Commissioner considers it appropriate in all the circumstances to do so.

#### **124 Variation of registration on application by registered provider**

- (1) The Commissioner may, on application by a registered provider, vary the registration of a registered provider to:
  - (a) register the provider in a new provider registration category; or
  - (b) remove the provider from being registered in a provider registration category; or
  - (c) vary or revoke a condition to which the registration is subject under section 143; or
  - (d) impose a new condition to which the registration is subject under that section; or
  - (e) add a new approved residential care home in relation to the provider to be covered by the registration; or

- (f) remove an approved residential care home from the approved residential care homes covered by the registration.
- (2) The application must:
  - (a) be in the approved form; and
  - (b) be accompanied by the application fee (if any) prescribed by the rules.

Note: The Commissioner is not required to make a decision on the application if this subsection is not complied with (see section 589).

*Requirements for variations*

- (3) However, the Commissioner must not vary the registration unless:
  - (a) the Commissioner considers it appropriate in all the circumstances to do so; and
  - (b) for a variation to register the provider in a new provider registration category—the Commissioner is satisfied of all the matters referred to in subsection 109(2) in relation to the provider and the category.

*Additional considerations for adding or removing approved residential care homes*

- (4) In deciding whether to add a new approved residential care home to be covered by a registered provider's registration, the Commissioner must have regard to:
  - (a) whether the home is covered by another registered provider's registration; and
  - (b) if so—whether the other provider has put appropriate arrangements in place to ensure continuity of care for individuals at the home.

Note: A registered provider must comply with any requirements prescribed by the rules relating to continuity of funded aged care services for individuals: see section 149.

- (5) In deciding whether to remove an approved residential care home from the approved residential care homes covered by a registered provider's registration, the Commissioner must have regard to

## Section 125

---

whether the provider has put appropriate arrangements in place to ensure continuity of care for individuals at the home.

Note: A registered provider must comply with any requirements prescribed by the rules relating to continuity of funded aged care services for individuals: see section 149.

### **125 Notice of possible variation of registration on Commissioner's own initiative**

- (1) Before the Commissioner decides to vary the registration of a registered provider under subsection 123(1) in a way that may have a significant adverse impact on the provider's delivery of funded aged care services, the Commissioner must, by written notice, notify the registered provider that the Commissioner is considering making that decision.

Note: An example of a variation that would have a significant adverse impact on the provider's delivery of funded aged care services includes the removal of an approved residential care home from the provider's registration.

- (2) Subsection (1) does not apply if:
- (a) the decision is to:
    - (i) vary or revoke a condition to which the registration is subject under section 143; or
    - (ii) impose a new condition to which the registration is subject under that section; and
  - (b) the Commissioner reasonably believes that, if the decision is not made, there will be an immediate and severe risk to the safety, health or well-being of one or more individuals to whom the registered provider is delivering funded aged care services.
- (3) The notice must:
- (a) set out the reasons why the Commissioner is considering making the decision; and

## **Chapter 4—Funding of aged care services**

### **Part 1—Introduction**

#### **190 Simplified outline of this Chapter**

Individuals accessing funded aged care services will have the funded aged care services funded through Commonwealth contributions and, in some cases depending on the individual's means, individual contributions and fees.

The Commonwealth contribution for funded aged care services is generally in the form of a subsidy paid for the delivery of a service to an individual. The amount of the subsidy differs depending on the classification type and service group through which the funded aged care service is delivered and whether the funded aged care service is delivered under certain specialist aged care programs. Various supplements can increase the amount of subsidy payable.

Means testing rules apply for all service groups to determine what individual contributions and fees are payable by the individual for funded aged care services. If individual contributions and fees are payable, the subsidy amount paid to the registered provider for the delivery of the funded aged care service is reduced commensurately.

An individual accessing ongoing funded aged care services through the service group residential care in an approved residential care home, or under a specialist aged care program, may be required to pay for, or contribute to the cost of, accommodation in the home. Whether an individual pays an accommodation payment or an accommodation contribution depends on the individual's daily means tested amount on the individual's start day.

Accommodation payments and accommodation contributions may be paid by daily payments, a lump sum (known as a refundable

Section 190

---

deposit) or a combination of refundable deposit and daily payments.

Part 4 of this Chapter contains rules about registered providers entering into accommodation agreements with individuals, the charging of accommodation payments and accommodation contributions, the circumstances in which a registered provider may use, or deduct an amount from, a refundable deposit and when a refundable deposit must be refunded or transferred.

As an alternative to subsidies, the Commonwealth contribution for some funded aged care services delivered to individuals is by way of a grant of financial assistance to a registered provider. Certain specialist aged care programs are funded this way, including programs for the benefit of Aboriginal and Torres Strait Islander persons.

The Commonwealth also has power to enter into arrangements with entities to make a grant of financial assistance for other purposes related to the Commonwealth aged care system and the aged care system more broadly.

## Part 2—Commonwealth contributions

### Division 1—Subsidy for home support

#### Subdivision A—Person-centred subsidy

## 192 Amount of person-centred subsidy

### *Ongoing home support*

- (1) The amount of **person-centred subsidy** a registered provider is eligible for under subsection 191(1) for an ongoing funded aged care service delivered to an individual through the service group home support on a day is worked out as follows:

#### *Method statement*

Step 1. Work out the following:

- (a) if the subsidy basis for the service is efficient price or unit price—multiply the price charged by the provider to the individual for an hour or unit of the service (whichever is applicable) by the number of hours or units of the service delivered to the individual on the day;
- (b) if the subsidy basis for the service is cost—the cost.

Step 2. Reduce the amount worked out under Step 1 by the sum of any reduction amounts for the classification type for the service group that apply to the individual. This is the **provisional subsidy amount**.

Step 3. Work out:

Section 192

---

- |         |  |
|---------|--|
|         | <ul style="list-style-type: none"><li>(a) the available balance of the individual's ongoing home support account on the day in accordance with section 193, taking into account any claims already debited from that account in accordance with that section on that day; and</li><li>(b) the available balance of the individual's unspent Commonwealth portion held by the provider (if any) on the day in accordance with section 226A, taking into account any amounts already debited from that portion in accordance with that section on that day; and</li><li>(c) the available balance of the individual's home care account (if any) on the day in accordance with section 226E, taking into account any claims already debited from that account in accordance with that section on that day.</li></ul> |
| Step 4. | Reduce the provisional subsidy amount by any amount (the <b>excess amount</b> ) by which the provisional subsidy amount exceeds the available balance of the individual's ongoing home support account.  |
| Step 5. | Reduce (but not below zero) the excess amount by the available balance of the individual's unspent Commonwealth portion held by the provider (if any). This is the <b>remaining amount</b> .   |
| Step 6. | If the remaining amount is not zero, reduce the remaining amount by any amount by which the remaining amount exceeds the available balance of the individual's home care account (if any).   |
| Step 7. | Work out the sum of: <ul style="list-style-type: none"><li>(a) the amount worked out under Step 4; and</li><li>(b) the amount worked out under Step 6; and</li></ul>   |

Section 192

- (c) any secondary person-centred supplements for the classification type ongoing for the service group home support that apply to the individual for the day.

The result is the amount of subsidy payable to the registered provider for the individual for the service for the day.

*Short-term home support*

- (2) The amount of **person-centred subsidy** a registered provider is eligible for under subsection 191(1) for a short-term funded aged care service delivered to an individual through the service group home support on a day is worked out as follows:

*Method statement*

Step 1. Work out the following:

- (a) if the subsidy basis for the service is efficient price or unit price—multiply the price charged by the provider to the individual for an hour or unit of the service (whichever is applicable) by the number of hours or units of the service delivered to the individual on the day;
- (b) if the subsidy basis for the service is cost—the cost.

Step 2. Reduce the amount worked out under Step 1 by the sum of any reduction amounts for the classification type for the service group that apply to the individual. This is the **provisional subsidy amount**.

Step 3. Work out:

- (a) the available balance of the individual's short-term home support account on the day in accordance with section 195, taking into account any claims

Section 192

---

	already debited from that account in accordance with that section on that day; and
	(b) the available balance of the individual's unspent Commonwealth portion held by the provider (if any) on the day in accordance with section 226A, taking into account any amounts already debited from that portion in accordance with that section on that day; and
	(c) the available balance of the individual's home care account (if any) on the day in accordance with section 226E, taking into account any claims already debited from that account in accordance with that section on that day.
Step 4.	Reduce the provisional subsidy amount by any amount (the <i>excess amount</i> ) by which the provisional subsidy amount exceeds the available balance of the individual's short-term home support account.
Step 5.	Reduce (but not below zero) the excess amount by the available balance of the individual's unspent Commonwealth portion held by the provider (if any). This is the <i>remaining amount</i> .
Step 6.	If the remaining amount is not zero, reduce the remaining amount by any amount by which the remaining amount exceeds the available balance of the individual's home care account (if any).
Step 7.	Work out the sum of:  (a) the amount worked out under Step 4; and  (b) the amount worked out under Step 6; and  (c) any secondary person-centred supplements for the classification type short-term for the service group

home support that apply to the individual for the day.

The result is the amount of subsidy payable to the registered provider for the individual for the service for the day.

### 193 Available ongoing home support account balance

#### *Ongoing home support account*

- (1) A notional ongoing home support account is established for an individual if an entry day for the individual occurs for the classification type ongoing for the service group home support.
- (2) The **available balance** of an individual's notional ongoing home support account at a time is the difference, worked out in accordance with this section, between the sum of the credits that have been made to the account at that time reduced (but not below zero) by the sum of the debits that have been made to the account at that time.

#### *Initial credit*

- (3) At the start of the day the account is established, the following is credited to the account:
  - (a) the base individual amount for the individual for the classification type for the service group for that day multiplied by the remaining days in the quarter (including that day);
  - (b) the sum of any primary person-centred supplements for the classification type for the service group that apply to the individual on that day multiplied by the remaining days in the quarter (including that day).

#### *Quarterly debit and re-credit*

- (4) At the start of the first day of each subsequent quarter, the account is debited to zero and then, immediately after, the following is credited to the account:

Section 193

---

- (a) the base individual amount for the individual for the classification type for the service group for that day multiplied by the days in the quarter;
- (b) the sum of any primary person-centred supplements for the classification type for the service group that apply to the individual on the day multiplied by the days in the quarter.

*Quarterly rollover credit*

- (5) For each subsequent quarter, the amount prescribed by the rules is credited to the account at the earlier of the following:
  - (a) the start of day the registered provider notifies the System Governor that the provider has made a final claim for the previous quarter;
  - (b) the start of the day that is 61 days after the last day of the previous quarter.

*Credit due to change in classification*

- (6) If:
  - (a) a decision by the System Governor comes into effect for the individual for the classification type for the service group on a day in a quarter; and
  - (b) the base individual amount (the ***new base individual amount***) for the individual for the classification type for the service group is higher as a result of that change or decision;the account is credited at the start of that day with the difference between the new base individual amount and the base individual amount for the individual for the classification type for the service group that applied before the change or decision, multiplied by the remaining days in the quarter (including that day).

*Credit due to primary person-centred supplement applying*

- (7) If a primary person-centred supplement for the classification type for the service group starts to apply to the individual on a day in a quarter, the account is credited at the start of the day with the amount of that person-centred supplement for the day multiplied by the remaining days in the quarter (including that day).

*Debits*

- (8) If one or more claims are made under section 251 for person-centred subsidy for the delivery of an ongoing funded aged care service to the individual on a day, the account is reduced on that day (but after the start of the day), in the order prescribed by the rules, by the amount worked out at step 1 of the method statement in subsection 192(1) for each of those claims.

*Insufficient funds*

- (9) If the debiting of an amount in relation to a claim under subsection (8) would result in the account being debited below zero, the claim is taken to be a claim for such lesser amount (including a nil amount) that would not result in the account being debited below zero.

*Rules may prescribe circumstances for no credits*

- (10) Despite subsection (4), (5), (6) or (7), the rules may prescribe circumstances in which a credit which would otherwise be required under that subsection is not to be made.

*Ceasing of account*

- (11) The account ceases in circumstances prescribed by the rules.

## **194 Base individual amount**

The **base individual amount** for a classification type for the service group home support is the amount prescribed by the rules for the classification type for the service group.

## **195 Available short-term home support account balance**

*Initial credit*

- (3) At the start of the day the account is established, the following is credited to the account:
- (a) the base individual amount for the individual for the classification type for the service group for that day multiplied by the number of days in the maximum period of effect for the individual's classification level for the classification type for the service group;
  - (b) the sum of any primary person-centred supplements for the classification type for the service group that apply to the individual on that day multiplied by the number of days in the maximum period of effect for the individual's classification level for the classification type for the service group.

*Credit due to primary person-centred supplement applying*

- (4) If a primary person-centred supplement for the classification type for the service group starts to apply to the individual on a day, the account is credited at the start of the day with the amount of that person-centred supplement for the day multiplied by the remaining days (including that day) in the maximum period of effect for the classification level for the classification type for the service group.

*Debits*

- (5) If one or more claims are made under section 251 for person-centred subsidy for the delivery of a short-term funded aged care service to the individual on a day, the account is reduced on that day (but after the start of the day), in the order prescribed by the rules, by the amount worked out at step 1 of the method statement in subsection 192(2) for each of those claims.

*Insufficient funds*

- (6) If the debiting of an amount in relation to a claim under subsection (5) would result in the account being debited below zero, the claim is taken to be a claim for such lesser amount (including a nil amount) that would not result in the account being debited below zero.

*Ceasing of account*

- (7) The account ceases in circumstances prescribed by the rules.

## **196 Primary person-centred supplements**

- (1) The **primary person-centred supplements** for an individual for a day for a classification type for the service group home support are the supplements prescribed by the rules.

*Insufficient funds*

- (8) If the debiting of an amount in relation to a claim under subsection (7) would result in the provider's service delivery account being debited below zero, the claim is taken to be a claim

for such lesser amount (including a nil amount) that would not result in the account being debited below zero.

### **247 Power to enter into agreements for delivery of funded aged care services under specialist aged care programs**

- (1) The System Governor may, on behalf of the Commonwealth, enter into a written agreement with:
  - (a) for the Multi-Purpose Service Program—an entity for the entity (once registered as a registered provider) to deliver funded aged care services to individuals through one or more specified service groups under the program; or
  - (b) for the Transition Care Program—a State or Territory to cover the arrangement in the State or Territory for the delivery of funded aged care services to individuals through one or more specified service groups under the program.
- (2) The agreement is to be entered into by the System Governor on behalf of the Commonwealth.
- (3) The System Governor must not enter an agreement under subsection (1)(a) unless circumstances prescribed by the rules apply.
- (4) An agreement under subsection (1):
  - (a) may include terms and conditions relating to the registered provider's or State or Territory's involvement in the specialist aged care program; and
  - (c) must meet any other requirements prescribed by the rules.
- (5) To avoid doubt, if a term or condition included in a written agreement under subsection (1) is inconsistent with a provision of this Act, the provision prevails and the term or condition, to the extent of the inconsistency, is of no effect.

### **248 Eligibility for subsidy**

A registered provider is eligible for subsidy on a day in relation to the delivery of funded aged care services to individuals through a service group under a specialist aged care program if, on that day:

---

- (a) either:
  - (i) the registered provider has an agreement under subsection 247(1) with the Commonwealth that includes the service group; or
  - (ii) the registered provider is in a State or Territory that has an agreement under subsection 247(1) with the Commonwealth; and
- (b) one or more places have been allocated to the registered provider for the service group for the program under section 95 and are being, or are able to be, used to deliver funded aged care services to those individuals; and
- (c) those places are in effect and all the conditions that apply to those places under section 99 have been met for the delivery of any funded aged care services to those individuals.

Note: A registered provider may be eligible for subsidy for a day under this provision even if the registered provider did not deliver any funded aged care services to individuals on that day.

## **249 Amount of subsidy**

- (1) The amount of subsidy a registered provider is eligible for under section 248 on a day in relation to funded aged care services delivered through a service group under a specialist aged care program is the amount prescribed by the rules.

#### 250 Payment of subsidy

- (1) Person-centred subsidy or provider-based subsidy is payable by the Commonwealth to a registered provider for each day the registered provider is eligible under section 191, 201, 209 or 218 for the delivery of a funded aged care service to an individual on a day.

- (2) The *relevant period* is:
  - (a) for an ongoing funded aged care service delivered to an individual through the service group home support—a quarter; and

  - (c) for ongoing funded aged care services delivered to an individual through the service group assistive technology or home modifications—the period prescribed by the rules; or
  - (d) for short-term funded aged care services delivered to an individual through the service group assistive technology or

home modifications—the maximum period of effect for the individual’s classification level for the classification types the service group.

- (3) The claim must be given to the System Governor within the following period:
  - (a) 60 days after the end of the relevant period;
  - (b) 60 days after the individual ceases accessing services through the service delivery branch;
  - (c) if the System Governor determines a longer period for the claim than would otherwise apply under paragraph (a) or (b)—that period.
- (4) To avoid doubt, for the purposes of subsection (1):
  - (a) multiple claims can be made in a single relevant period; and
  - (b) claims for multiple days in the same relevant period can be included in a single claim.

## 252 Notice of refusal

The System Governor must give written notice to a registered provider if:

- (a) the registered provider has made a claim under section 251 for either of the following:

## 253 Variations of claims

- (1) A registered provider may vary a claim made for a relevant period referred to in subsection 251(2) at any time before:

  - (b) such longer period as is determined for the claim by the System Governor.

Section 254

---

- (2) In determining a longer period for the purposes of paragraph (1)(b), the System Governor must be satisfied that a variation is required:

  - (b) because the Commonwealth considers that the circumstances of an individual are different from those on the basis of which subsidy was claimed.

**Subdivision B—Claims and payment for residential care**

- (2) If the System Governor pays an amount of subsidy in advance under subsection (1), the System Governor must work out the amount of the advance for the approved residential care home by:
  - (a) for the first payment period or the second payment period for the registered provider for the home—estimating the amount of subsidy that will be payable under section 254 in relation to the home for the days in that period; and
  - (b) for subsequent payment periods for the registered provider for the home by:
    - (i) estimating the amount of subsidy that will be payable under section 254 in relation to that home (taking into account any deductions under subsection 261(1)) for the days in the period; and
    - (ii) increasing or reducing that amount to make any adjustments that the System Governor reasonably believes are necessary to take account of likely underpayments or overpayments in respect of advances previously paid under this section.
- (3) The amounts of advances under subsection (2) must be worked out in accordance with any requirements prescribed by the rules.
- (4) The System Governor may, in deciding whether to reduce the amount of an advance under paragraph (2)(b), take into account the likelihood of the Commonwealth's right to recover a particular overpayment being written-off or waived under section 520 or 521.

**257 Claims for subsidy**

- (1) A registered provider must, for each payment period and each residential care home of the registered provider, give to the System Governor a claim, in the approved form, for any person-centred subsidy and provider-based subsidy that is payable to the registered provider in relation to that home for that period under section 254.

- (2) In determining a longer period for the purposes of paragraph (1)(b), the System Governor must be satisfied that a variation is required:
  - (a) due to an administrative error made by the Commonwealth; or
  - (b) because the Commonwealth considers that the circumstances of an individual are different from those on the basis of which subsidy was claimed.

**Subdivision C—Claims and payment for specialist aged care programs**

- (a) the maximum accommodation supplement amount (see subsection 235(3)); and
  - (b) the maximum hotelling supplement amount (see subsection 235(4)).
- Step 3. If the individual's daily means tested amount exceeds the result of Step 2, the ***non-clinical care contribution*** is the lesser of:
- (a) the daily means tested amount minus the result of Step 2; and
  - (b) the maximum non-clinical care contribution (see subsection (3)).
- Step 4. If the individual's daily means tested amount does not exceed the result of Step 2, the ***non-clinical care contribution*** is zero.

- (2) If the individual has means not disclosed status for the day, the ***non-clinical care contribution*** for the individual for the day is the maximum non-clinical care contribution.
- (3) The ***maximum non-clinical care contribution*** is the amount prescribed by the rules.

Section 280

---

- (4) Despite subsection (1), if on a day there has been a total of the number of days prescribed by the rules (whether or not the days occurred consecutively) prior to that day on which a registered provider:
- (a) could have charged the individual an amount as the non-clinical care contribution; or
  - (b) but for a fee reduction supplement applying to the individual, could have charged the individual an amount as the non-clinical care contribution;
- the ***non-clinical care contribution*** for the individual for the day is zero.
- (5) Despite subsection (1), the ***non-clinical care contribution*** for the individual for the day is zero if, on a prior day (the ***trigger day***), the total of the following exceeds the lifetime cap on the trigger day:
- (a) the sum of any individual contributions charged to the individual under section 273 for the delivery of other funded aged care services;
  - (b) the sum of any non-clinical care contributions charged to the individual under this section;
  - (c) any other contribution or fee prescribed by the rules.
- (6) This section does not apply if the individual is included in a class of individuals prescribed by the rules.

**280 Hotelling contribution and non-clinical care contribution taken to be zero in some circumstances**

- (1) The hotelling contribution and non-clinical care contribution for an individual is taken to be zero for each day on which either of the following applies:
- (a) a determination is in force under subsection (2) in relation to the individual;
  - (b) the individual is included in a class of persons prescribed by the rules.
- (2) The System Governor may, in accordance with any requirements prescribed by the rules, determine that the hotelling contribution

**Section 281**

---

and non-clinical care contribution for the individual is to be taken to be zero.

- (3) The determination ceases to be in force at the end of the period (if any) specified in the determination.
- (4) When deciding whether to make a determination under subsection (2), the System Governor must have regard to the matters prescribed by the rules.
- (5) Application may be made to the System Governor, in an approved form, for a determination under subsection (2) for an individual. The application may be made by:
  - (a) the individual; or
  - (b) a registered provider that is delivering, or is to deliver, ongoing funded aged care services through the service group residential care to the individual.
- (6) The System Governor must give written notice to the individual and the registered provider of the System Governor's decision on whether to make the determination, within:
  - (a) if an application for the determination was made under subsection (5)—28 days after the application was made, or, if the System Governor requested further information in relation to the application, within 28 days after receiving the information; or
  - (b) if such an application was not made—28 days after the decision is made.
- (7) A determination under subsection (2) is not a legislative instrument.

**281 Fees for pre-entry period—ongoing residential care**

- (1) This section applies in relation to an individual whose access approval includes the ongoing classification type for the service group residential care.
- (2) A registered provider delivering funded aged care services through the service group residential care in an approved residential care

home may charge the individual an amount (the *pre-entry fee*) for each day in the period set out in subsection (3).

- (3) The period (the *pre-entry period*) is the period:
- (a) starting on the later of the following:
    - (i) the day the individual enters into a service agreement with the provider;
    - (ii) the day that is 7 days before the individual's start day; and
  - (b) ending at the end of the day before that start day.

Note: The registered provider is taken not to be delivering funded aged care services to the individual on a day in the pre-entry period, so section 276 does not apply to the day.

- (4) The maximum amount of the pre-entry fee that the registered provider may charge the individual under this section for a day in the pre-entry period is:
- (a) the amount prescribed by, or worked out in accordance with, the rules; or
  - (b) if no rules are in force for the purposes of paragraph (a)—the amount obtained by rounding down to the nearest cent the amount equal to 85% of the basic age pension amount (worked out on a per day basis).

## 282 Fees for reserving a bed—ongoing residential care

- (1) A registered provider delivering ongoing funded aged care services through the service group residential care to an individual in an approved residential care home may charge the individual an amount (the *bed reservation fee*) for a day to reserve a bed if subsection (2) applies to the individual on that day.
- (2) This subsection applies to the individual on the day if the individual:
- (a) is absent from the approved residential care home on the day; and
  - (b) is not on leave from the approved residential care home on the day (see section 244); and

Section 283

---

- (c) would have been on social leave from the approved residential care home on the day except that the individual has previously been on social leave during the current financial year for 52 days.

Note: The registered provider is taken not to be delivering funded aged care services to the individual on a day if subsection (2) applies to the individual on the day, so section 276 does not apply to the day.

- (3) The maximum amount of the bed reservation fee that the registered provider may charge the individual under this section for the day is the amount worked out in accordance with the rules.

**283 Fees for delivery of funded aged care services—short-term residential care**

- (1) A registered provider delivering short-term funded aged care services through the service group residential care to an individual on a day may charge the individual an amount (the *resident respite fee*) for or in connection with those services.
- (2) Subject to section 284, the resident respite fee charged to the individual for the day must not exceed the sum of:
  - (a) whichever of the following is applicable:
    - (i) the amount prescribed by, or worked out in accordance with, the rules;
    - (ii) if no rules are in force for the purposes of subparagraph (i)—the amount obtained by rounding down to the nearest cent the amount equal to 85% of the basic age pension amount (worked out on a per day basis); and
  - (b) such other amounts as are prescribed by, or worked out in accordance with, the rules.
- (3) If the registered provider does not, or is taken not to, deliver funded aged care services to the individual on the day, the registered provider must not charge the individual a resident respite fee under subsection (1) for the day.

- (4) The registered provider may, in accordance with the rules, charge the individual a booking fee for or in connection with the delivery of the funded aged care services mentioned in subsection (1).
- (5) Without limiting paragraph (2)(b), rules made for the purposes of that paragraph may provide that an amount may be charged for only a particular period.

## **284 Fees for higher everyday living**

- (1) A registered provider that delivers funded aged care services through the service group residential care to an individual may charge the individual an additional amount (the ***higher everyday living fee***) for or in connection with a particular funded aged care service.
- (2) The higher everyday living fee for the individual for the service is the amount agreed (the ***agreed amount***) between the registered provider and the individual in a written agreement (the ***higher everyday living agreement***):
  - (a) that is entered into in accordance with any requirements prescribed by the rules; and
  - (b) that otherwise complies with any requirements prescribed by the rules.

Note: The higher everyday living agreement for an individual may be included in another agreement the individual enters into with the registered provider under or for the purposes of this Act.

- (3) Without limiting paragraph (2)(b), rules made for the purposes of that paragraph must include a requirement that the higher everyday living agreement state that the agreed amount is subject to indexation in accordance with the rules.
- (4) The registered provider must not charge the individual the higher everyday living fee for a service delivered on a day that occurs prior to the day the registered provider and individual enter into the higher everyday living agreement.
- (5) The registered provider must not, before the individual's start day:
  - (a) ask the individual to pay a higher everyday living fee for a service; or

**Section 285**

---

- (b) offer to enter a higher everyday living agreement with the individual.
- (6) Despite subsection (1), the registered provider must not:
  - (a) charge the individual a higher everyday living fee in circumstances prescribed by the rules; or
  - (b) enter into a higher everyday living agreement with the individual in circumstances prescribed by the rules.

**285 Other matters**

- (1) This section sets out matters that apply in relation to an amount that an individual may be charged under this Division.
- (2) The individual must not be required to pay an amount for a day more than 1 month in advance of the day.
- (3) If an individual dies or stops accessing funded aged care services, any amount paid in advance for a day occurring after the individual dies or stops accessing those services must be refunded in accordance with the rules.
- (4) A registered provider must comply with any other requirements prescribed by the rules in relation to an amount that an individual may be charged under this Division.

## **Division 3—Fees and contributions for specialist aged care programs**

### **286 Fees and contributions payable for delivery of funded aged care services under a specialist aged care program**

- (1) A registered provider delivering funded aged care services through a service group under a specialist aged care program on a day to an individual may charge the individual one or more amounts, for or in connection with those services, in accordance with the rules.
- (2) Without limiting subsection (1), the rules may provide for:
  - (a) the charging of different amounts in relation to different specialist aged care programs; and
  - (b) the charging of different amounts in connection with the delivery of funded aged care services through different service groups under a specialist aged care program.
- (3) The individual must not be required to pay an amount for a day more than 1 month in advance of the day.

- (5) A registered provider must comply with any other requirements prescribed by the rules in relation to an amount that an individual may be charged under this section.

## **Part 4—Accommodation payments and accommodation contributions**

### **Division 1—Application of this Part**

#### **287 Application of this Part**

- (1) This Part applies in relation to the delivery of ongoing funded aged care services to an individual through the service group residential care in an approved residential care home if:
  - (a) the individual has an ongoing classification level in effect for the service group; or
  - (b) subject to rules made for the purposes of subsection 288(1), the services are delivered to the individual under a specialist aged care program.
- (2) The provisions of this Part do not apply in respect of the delivery of funded aged care services to an individual (other than under a specialist aged care program) if the individual is included in a class of individuals prescribed by the rules.
- (3) If the provisions of this Part do not apply in respect of the delivery of funded aged care services to a class of individuals because of subsection (2), the rules may prescribe different requirements in relation to the delivery of those services so far as the requirements relate to an accommodation bond or accommodation charge, and the charging or payment of any amounts in relation to such a bond or charge.

  - (a) the provisions are specified in the rules; and
  - (b) the services are delivered to the individual under a specialist aged care program; and
  - (c) the program is prescribed by the rules.

- (2) If provisions of this Part do not apply in respect of the delivery of funded aged care services to an individual because of the operation of subsection (1), the rules may prescribe different requirements in relation to the delivery of services under the specialist aged care program to the individual relating to the following:
- (a) accommodation agreements;

- (1) The rules may prescribe a maximum amount of accommodation payment (the *maximum accommodation payment amount*) that a registered provider may charge an individual for the delivery of ongoing funded aged care services to the individual through the service group residential care in an approved residential care home.

Note 1: Whether or not an individual pays an accommodation payment depends on the individual's daily means tested amount, which might not be worked out before the individual's start day.

Note 2: The Pricing Authority may, on application by a registered provider, approve a higher maximum accommodation payment amount in relation to an approved residential care home or a distinct part of an approved residential care home: see section 290.

- (2) The maximum accommodation payment amount must be expressed as a refundable accommodation deposit amount.
- (3) The rules must prescribe a method for working out the maximum accommodation payment amount expressed as a daily accommodation payment amount.
- (4) A registered provider may charge less than the prescribed maximum accommodation payment amount.

**290 Pricing Authority may approve higher maximum  
accommodation payment amount**

- (1) A registered provider may apply to the Pricing Authority for approval for the provider to agree to, and charge, an accommodation payment that is higher than the maximum accommodation payment amount prescribed by rules made for the purposes of section 289.
- (2) The application may relate to:
  - (a) an approved residential care home of the provider; or

    - (i) within the period prescribed by the rules after the Pricing Authority last made a decision under this section in relation to the approved residential care home, or the distinct part of the approved residential care home; or
    - (ii) if no period is prescribed—within 12 months after that last decision.
- (4) If the Pricing Authority needs further information to determine the application, the Pricing Authority may give the registered provider a notice requiring the provider to give the further information:
  - (a) within 28 days after the notice is given; or
  - (b) within such other period as is specified in the notice.
- (5) The application is taken to have been withdrawn if the information is not given within whichever of those periods applies. The notice under subsection (4) must contain a statement setting out the effect of this subsection.
- (6) The Pricing Authority may, in writing and in accordance with any requirements prescribed by the rules, approve the higher maximum accommodation payment amount specified in the application.

Note: A decision not to approve a higher maximum accommodation payment amount is a reviewable decision.
- (7) Within 14 days after making a decision not to approve the higher maximum accommodation payment amount specified in the application, the Pricing Authority must give written notice of the decision to the registered provider that includes:
  - (a) details of the decision; and
  - (b) reasons for the decision; and
  - (c) details about how the provider may apply for the reconsideration of the decision.

---

**Section 291**

---

- (8) Subject to subsection (9), if the Pricing Authority approves the higher maximum accommodation payment amount, the amount applies in relation to an individual only if:
  - (a) at the date of the approval, the individual had not entered into an accommodation agreement with the registered provider; and
  - (b) the provider starts delivering ongoing funded aged care services to the individual through the service group residential care in an approved residential care home on or after the date of the approval.

  - (c) the individual moves to another bed, whether in another room (the *new room*) or another part of a room (the *new part*), in the approved residential care home and the move is voluntary; and
  - (d) the higher maximum accommodation payment amount applies in relation to the part of the approved residential care home that includes the new room or the new part of a room.
- (10) An approval under subsection (6) is not a legislative instrument.
- (11) The rules must prescribe:
  - (a) when a higher maximum accommodation payment amount is to be indexed; and
  - (b) a method for the indexation of such a payment.

**291 Registered provider must notify System Governor of accommodation payment amounts for purposes of publication**

Note: Whether or not an individual pays an accommodation payment depends on the individual's daily means tested amount.

- (2) If the registered provider will charge different amounts of accommodation payment in relation to distinct parts of the home, the information provided to the System Governor must relate to the amounts for each of those distinct parts.
- (3) An amount of accommodation payment charged in relation to an approved residential care home or a distinct part of an approved residential care home must not be more than:
  - (a) the maximum accommodation payment amount prescribed by the rules for the purposes of section 289; or

- (6) The System Governor may correct or update information published under subsection (4).
- (7) This section does not limit section 544, 545 or 546.

### **293 Registered provider must enter accommodation agreement before delivering ongoing funded aged care services to an individual**

Note: Daily accommodation payments are subject to indexation in accordance with the rules.

## **Division 5—Charging of accommodation contributions**

## Division 2—Means testing in approved residential care home

### Subdivision A—Daily means tested amounts

#### 319 Working out the daily means tested amount

- (1) The *daily means tested amount* for an individual is worked out as follows:

Work out the *per day income tested amount* using Steps 1 to 7:

- Step 1. Work out the individual's total assessable income (which is determined under section 322).
- Step 2. If the individual's total assessable income does not exceed the total assessable income free area (see subsection (2)), the *per day income tested amount* is zero.
- Step 3. If the individual's total assessable income exceeds the total assessable income free area but not the first income threshold (see paragraph (4)(a)), the *per day income tested amount* is 50% of that excess, divided by 364.
- Step 4. If the individual's total assessable income exceeds the first income threshold but not the second income threshold (see paragraph (4)(b)), the *per day income tested amount* is 50% of the difference between the total assessable income free area and the first income threshold, divided by 364.
- Step 5. If the individual's total assessable income exceeds the second income threshold but not the third income threshold (see paragraph (4)(c)), the *per day income tested amount* is the sum of the following, divided by 364:

Section 319

---

- (a) 50% of the difference between the total assessable income free area and the first income threshold;
  - (b) 50% of the excess above the second income threshold.
- Step 6. If the individual's total assessable income exceeds the third income threshold but not the fourth income threshold (see paragraph (4)(d)), the ***per day income tested amount*** is the sum of the following, divided by 364:
  - (a) 50% of the difference between the total assessable income free area and the first income threshold;
  - (b) 50% of the difference between the second income threshold and the third income threshold.
- Step 7. If the individual's total assessable income exceeds the fourth income threshold, the ***per day income tested amount*** is the sum of the following, divided by 364:
  - (a) 50% of the difference between the total assessable income free area and the first income threshold;
  - (b) 50% of the difference between the second income threshold and the third income threshold;
  - (c) 50% of the excess above the fourth income threshold.
- Work out the ***per day asset tested amount*** using Steps 8 to 14:
- Step 8. Work out the value of the individual's assets (which is determined under section 329).
- Step 9. If the value of the individual's assets does not exceed the asset free area (see subsection (3)), the ***per day asset tested amount*** is zero.

- 
- Step 10. If the value of the individual's assets exceeds the asset free area but not the first asset threshold (see paragraph (4)(e)), the ***per day asset tested amount*** is 17.5% of the excess, divided by 364.
- Step 11. If the value of the individual's assets exceeds the first asset threshold but not the second asset threshold (see paragraph (4)(f)), the ***per day asset tested amount*** is 17.5% of the difference between the asset free area and the first asset threshold, divided by 364.
- Step 12. If the value of the individual's assets exceeds the second asset threshold but not the third asset threshold (see paragraph (4)(g)), the ***per day asset tested amount*** is the sum of the following, divided by 364:
- (a) 17.5% of the difference between the asset free area and the first asset threshold;
  - (b) 7.8% of the excess above the second asset threshold.
- Step 13. If the value of the individual's assets exceeds the third asset threshold but not the fourth asset threshold (see paragraph (4)(h)), the ***per day asset tested amount*** is the sum of the following, divided by 364:
- (a) 17.5% of the difference between the asset free area and the first asset threshold;
  - (b) 7.8% of the difference between the second asset threshold and the third asset threshold.
- Step 14. If the value of the individual's assets exceeds the fourth asset threshold, the ***per day asset tested amount*** is the sum of the following, divided by 364:
- (a) 17.5% of the difference between the asset free area and the first asset threshold;
-

Section 319

---

- (b) 7.8% of the difference between the second asset threshold and the third asset threshold;
- (c) 7.8% of the excess above the fourth asset threshold.

The **daily means tested amount** is the sum of the per day income tested amount and the per day asset tested amount.

Note: If either the per day income tested amount or the per day asset tested amount cannot be worked out, the daily means tested amount cannot be determined (see section 320 about an individual having means not disclosed status).

- (2) The **total assessable income free area** is the sum of the following:
  - (a) the amount worked out by applying point 1064-B1 of Pension Rate Calculator A at the end of section 1064 of the *Social Security Act 1991*;
  - (b) the amount worked out under point 1064-BA4 of Pension Rate Calculator A at the end of section 1064 of the *Social Security Act 1991*;
  - (c) the amount worked out by applying point 1064-E4 of Pension Rate Calculator A at the end of section 1064 of the *Social Security Act 1991*.
- (3) The **asset free area** is:
  - (a) unless paragraph (b) applies—the amount equal to 2.25 times the basic age pension amount; or
  - (b) if rules are in force for the purposes of this paragraph—such other amount as is calculated in accordance with the rules.
- (4) Each of the following terms have the meaning prescribed by the rules:
  - (a) **first income threshold**;
  - (b) **second income threshold**;
  - (c) **third income threshold**;
  - (d) **fourth income threshold**;
  - (e) **first asset threshold**;
  - (f) **second asset threshold**;

- (g) *third asset threshold*;
- (h) *fourth asset threshold*.

- (5) Despite subsection (1), if the individual is in a class of individuals prescribed by the rules, the *daily means tested amount* for the individual is the amount prescribed by the rules.
- (6) To avoid doubt, an amount prescribed by the rules under subsection (5) may refer to an individual's total assessable income, the value of an individual's assets, or both.

### 320 Means not disclosed status

#### *Means not disclosed status*

- (1) An individual accessing funded aged care services in an approved residential care home has *means not disclosed status* if:

Note: For example, the means not disclosed status may take effect on the individual's start day, or when the revocation of the individual's income determination or asset determination takes effect.

- (4) If, after that determination is made, the individual provides sufficient information for the individual's daily means tested amount to be determined, the System Governor must:
- (a) revoke the determination that the individual has means not disclosed status; and
  - (b) determine the day the revocation takes effect (which may be before the day that determination is made).

*Giving notice of determination*

- (5) Within 14 days after making a determination under paragraph (1)(a) or (4)(b), the System Governor must give written notice of the decision to make that determination to the individual.
- (6) The notice under subsection (5) must:
- (a) if the decision is to make a determination under paragraph (1)(a):
    - (i) explain the consequences of the individual having means not disclosed status and the steps the individual must take if the individual wants the determination to be revoked; and
    - (ii) specify the day the determination takes effect (see subsection (3)); and
    - (iii) set out the reasons for both the decision to make the determination and the decision as to the day the determination takes effect; and

*Total assessable income where no income support payment*

- (1) If an individual is not entitled to an income support payment, the individual's total assessable income is the amount the System Governor determines to be the amount that would be worked out as the individual's ordinary income for the purpose of applying Module E of Pension Rate Calculator A at the end of section 1064 of the *Social Security Act 1991*.

*Total assessable income where service pension*

- (2) If an individual is entitled to a service pension, the individual's total assessable income is the sum of:

*Total assessable income where income support supplement*

- (3) If an individual is entitled to an income support supplement, the individual's total assessable income is the sum of:
- (a) the amount of the individual's income support supplement reduced by the amount worked out under subsection 5GA(3) of the *Veterans' Entitlements Act 1986* to be the individual's minimum pension supplement amount; and
  - (b) the amount the System Governor determines to be the amount that would be worked out as the individual's

- (5) If an individual is entitled to an income support payment (other than a service pension, an income support supplement or a veteran payment), the individual's total assessable income is the sum of:

Note: The effect of this subsection is that certain amounts that would not be included when working out an individual's ordinary income under the *Social Security Act 1991* will be included for the purposes of working out the individual's total assessable income under this section.

*Application of Veterans' Entitlements Act provisions*

- (9) For the purpose of making a determination under paragraph (2)(b), (3)(b) or (4)(b) of the amount that would be worked out as the individual's ordinary/adjusted income for the purpose referred to in the relevant paragraph, the relevant provisions of the *Veterans' Entitlements Act 1986* apply as if:

- (2) If the System Governor has agreed to settle proceedings before the Administrative Review Tribunal relating to recovery of a recoverable amount on the basis that a debtor in relation to the recoverable amount will pay less than the full amount of the recoverable amount, the System Governor must waive the right to recover the difference between the recoverable amount and the amount that is the subject of the settlement.

- (5) The System Governor must not make an agreement described in subsection (4) unless the System Governor is satisfied that the agreed amount is at least the present value of the unpaid amount if it is repaid in instalments of amounts, and at times, determined by the System Governor.
- (6) For the purposes of subsection (5), the present value of the unpaid amount is the amount worked out in accordance with the method prescribed by the rules.

    - (i) the confidential information is in the public domain before the disclosure is made;
    - (ii) the original disclosure of the confidential information into the public domain (before the disclosure is made) was not in contravention of subsection (1).

- (a) the confidential information disclosed by the entity (as mentioned in paragraph (1)(b)):
    - (i) is not the identity of the discloser; and
    - (ii) is reasonably necessary for the purposes of dealing with the matter referred to in paragraph 547(c) to which the qualifying disclosure relates; and

Civil penalty:        500 penalty units.

Note: A defendant bears an evidential burden in relation to the matter in this subsection (see section 96 of the Regulatory Powers Act).
